

DESCRIPTION

The [bamboo tea with rack](#) is made of a high-strength galvanized steel frame.

The sieve is made of pure natural top layer bamboo, each set has a total of 20 pieces with a diameter of 110 cm.

It is mainly used to place freshly picked tea leaves, with ventilation holes at the bottom to accelerate the withering speed of tea leaves and facilitate subsequent production and processing.

Suitable for producing all kinds of tea, such as black tea, green tea, oolong tea, lvan tea, herbal tea, etc.

The top layer of bamboo skin is used without any damage and pollution to the tea. The original tea making equipment restores the essence of the tea.

In order to meet the needs of different customers. For the sieve, we can provide all bamboo sieve, all stainless steel sieve, and bamboo edge stainless steel mesh sieve.

ADVANTAGE

1. The frame adopts high-strength galvanized steel pipe, which has strong bearing capacity
2. The shelf is foldable, so it does not take up space when folded
3. Casters on the bottom of the shelf, easy to move
4. Bamboo sieve uses pure natural top layer bamboo, no insects
5. The original tea making tools, restore the essence of tea
6. Durable, the smoother the more you use, the better the quality
7. Mesh at the bottom, good ventilation, tea leaves wither more evenly

APPLICATION

[Fresh Tea Leaf Wither Rack](#) is suitable for processing black / green / oolong / white / dark / herbal tea, the following is the working time required for the above tea production.

Type Of Tea	Working Time
Black Tea	17-24 Hours
Green Tea	1-3 Hours
Oolong Tea	About 12 Hours
White Tea	More than 48 Hours
Herbal Tea	1-3 Hours

The above data is for reference only, and the specific processing time shall be determined according to the actual situation.

SPECIFICATION

Tea Wither Rack Specification:

Model	DL-TQJ-20
Tray Diameter	110 cm

Layers	20 Layers
Layer Height	12 cm
Tray Materials	Natural Bamboo
Frame Materials	Steel

We also can provide all stainless steel trays and rack.

DETAILS

Tea Wither Rack can be folded, It can be folded up at the end of the tea season, so it doesn't take up space, there are casters at the bottom of the shelf for easy movement.

Tea Withering Pallets is made of natural bamboo skin, bamboo can absorb water in tea, increase evaporation area and accelerate withering time.

If you are in a high temperature and humidity area and worry about the mildew of bamboo, we can provide all stainless steel withering pallets.
